*Limited Warranty*

for Commercial Outdoor Landscape Turf

The following is the 10 Year Limited Warranty issued by Shaw Industries, Inc. (“Shaw”) for our Outdoor Landscape turf products made with poly-ethylene fiber and coated with a polyurethane unitary backing system.

This warranty begins when the turf is purchased. ***The turf must be installed in accordance with Shaw Industries installation guidelines and specifications.*** The turf must be maintained in accordance with Shaw Industries maintenance (turf care) recommendations and such maintenance continues throughout the duration of the original installation.

The 10 Year Warranty is further limited to the period of time the turf is owned and maintained by the original end-use purchaser. The basis of any warranty related claim is the original authorized Shaw dealer invoice. Damage resulting from the failure to follow these instructions will not be covered under this warranty.

Installation guidelines and specifications along with turf care recommendations can be obtained from your dealer or from The Shaw Information Center at 1-800-441-7429.

#### What the 10 year limited warranty covers:

**Fiber – Fiber Degradation** - Shaw warrants that this Outdoor Landscape turf, when installed and maintained as recommended by Shaw Industries for proper outdoor use, will not display ultraviolet (UV) degradation, resulting in fiber deterioration or loss.

(Failure is defined as the loss of 50% of the tufted products fiber based on the original weight of the products at the time of manufacturing per test method ASTM D 5848).

Actual degradation will cause a deterioration of the yarn and loss of pile as a result. Failure does not include a decrease in pile height of the face yarn from the original pile height as a result of surface compression due to normal wear.

#### 5 year limited warranty coverage:

**Backing - Tuft Bind** - Shaw warrants that our Outdoor Landscape turf, when installed and maintained as recommended by Shaw Industries, under normal use, will meet industry standards for tuft bind.

**Backing - Integrity/Delamination** - Shaw warrants that our Outdoor Landscape turf, when installed and maintained as recommended by Shaw Industries, under normal use, will not delaminate from the face of the turf. Note: The construction, fiber and backing system used in these products are designed and engineered for use when installed in general Landscape applications.

#### What you should do if any of the above problems occur and you need warranty service:

You (the original purchaser) should notify the authorized Shaw Dealer and/or your Shawgrass representative and submit in writing, the following:

- A valid proof of purchase in the form of a sales receipt or other documents which establish proof of purchase.
- A detailed description of the problem and/or a photograph/sample that clearly shows the warranty problem.

Shaw Industries will designate a representative to inspect the Turf and evaluate the warranty claim.

### What Shaw Industries will do should you need warranty service:

Should a defect covered under this warranty be found, the affected area will be repaired to conform to the warranty. If repair is not commercially practical, Shaw may, at its sole option, replace the affected turf or refund the proportional purchase price for the affected area.

Shaw will pay the reasonable costs for freight and labor. Any costs incurred for the moving of equipment, furnishings, and the like, that were installed over the turf will be at the consumer's expense.

### What conditions apply to Shaw Industries 10 year limited Warranty:
